Good morning, Kolts!

Students who have missed fewer than 2 ½ days of school are in the commons for an attendance celebration. If you didn't make it to this quarter's attendance celebration, don't worry. If you miss less than 2 ½ days during 2nd quarter, you'll get invited to the next party! Regular attendance is missing under 10 days in a whole school year. So, it's time to think about your attendance and the effect of missed school.

TASK: Discuss attendance barriers and the effects of missing school.

Work hard today, and good things will happen....
